Independent Auditors' Report

To the Board of Trustees of
Homeless Solutions Inc. and Subsidiaries
Cedar Knolls, NJ

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Homeless Solutions Inc. and Subsidiaries (a nonprofit corporation) (the "Organization") which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Trustees of
Homeless Solutions Inc. and Subsidiaries

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Homeless Solutions Inc. and Subsidiaries, as of December 31, 2020, and the changes in its consolidated statement of net assets and its consolidated statement of cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Homeless Solutions Inc. and Subsidiaries' 2019 financial statements, and we expressed an unmodified opinion on those consolidated financial statements in our report dated October 2, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2019, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidated schedules of expenditures of federal and state awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the New Jersey State Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid* are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 1, 2021 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Homeless Solutions Inc. and Subsidiaries' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Homeless Solutions Inc. and Subsidiaries' internal control over financial reporting and compliance.

The consolidated financial statements include the accounts of the parent Organization and its wholly owned subsidiaries, collectively referred to as Homeless Solutions Inc. and Subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

2. Summary of Significant Accounting Policies

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. A summary of significant accounting policies followed by the Organization in the preparation of the accompanying consolidated financial statements is set forth below:

Basis of Presentation

The Organization prepares its financial statements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Update No. 2016-14, dated August 2016, *Not-for-Profit Entities (Topic 958), Presentation of Financial Statements of Not-for-Profit Entities* (FASB Update). In addition, the Organization uses the FASB's *Accounting for Contributions Received and Made*. The standard requires that resources be classified for accounting and reporting purposes into two net asset categories: net assets with donor restrictions and net assets without donor restrictions. Contributions that are restricted by the donor are reported as increases in net assets without donor restriction if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Accounting for Contributions Received and Made requires that unconditional promises to give be recorded as receivables and revenue and requires the Organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. The net assets and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions

Net assets without donor restrictions include all funds not restricted by a donor or grantor and assets whose use is not restricted through contractual or regulatory control of a third-party payer or under debt agreements. These funds are not subject to donor-imposed stipulations. Net assets without donor restrictions are comprised of revenue and expenses related to the operations of the Organization, which have no restrictions on the uses of the funds. Net assets without donor restrictions also include those expendable resources which may have been designated for special use by the Board of Trustees. The governing board has designated, from net assets without donor restrictions, net assets to support the reserves of the Organization's projects and to reflect the Organization's investment in capital project related activities. There were board designated net assets of $132,662 as of December 31, 2020 and 2019.

Net Assets with Donor Restrictions

Net assets with donor restrictions are net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Revenue and Support Recognition

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

A portion of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/ or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract provisions. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the consolidated statement of financial position. There were no amounts received in advance at December 31, 2020 and 2019.

The Organization records special events revenue equal to the fair value of direct benefit to donors, and contribution income for the excess received when the event takes place. Affordable housing revenue is recorded by the Organization when services are rendered. There are no multi-year contracts and performance obligations are typically satisfied within one year or less.

Contributions of services and facilities are recorded at their estimated fair values on the date of contribution.

Disaggregation of Revenue

In the following table, revenue is disaggregated by timing of satisfaction of performance obligations for the years ended December 31, 2020 and 2019:

	2020	2019
Performance obligations satisfied at a point in time	$ 807,200	$ 630,430

Revenue from performance obligations satisfied at a point in time consists of management fees and special events.

Deferred Revenue and Deferred Gain on Sale

Deferred revenue and deferred gain on sale result from the receipt of funds prior to those amounts being earned.

Land, Building, Furniture and Fixtures and Equipment

Land, building, furniture and fixtures, and equipment are recorded at cost when purchased, or at fair value at date of gift, when donated. Depreciation is provided for by the straight-line method over the estimated useful lives of the assets. Expenditures for maintenance and repairs are expensed as costs are incurred. Proceeds from the sale of fixed assets, if without restrictions, are transferred to the net assets without donor restrictions, or, if restricted, to net assets with donor restrictions for fixed asset acquisitions.

Gifts of long-lived assets are reported as an increase in net assets without donor restrictions, unless there are explicit restrictions that specify how the assets are to be used.

The Organization continually evaluates whether current events or circumstances warrant adjustments to the carrying value or estimated useful lives of fixed assets in accordance with the provisions of FASB ASC, *Accounting for the Impairment or Disposal of Long-Lived Assets.* There were no impairment charges recorded for the years ended December 31, 2020 and 2019.

Grants, Fees, and Pledges Receivable and Allowance for Uncollectible Pledges

Grants, fees, and pledges receivable are stated at amounts management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. An allowance for uncollectible pledges of $2,069 and $1,891 has been established for the years ended December 31, 2020 and 2019, respectively. Bad debt expense amounted to $26,200 and $9,746 for the years ended December 31, 2020 and 2019, respectively. There are no nonaccrual receivables in excess of 90 days and no interest accrual on any receivables as of December 31, 2020 and 2019.

Cash, Cash Equivalents, Restricted Cash and Restricted Deposits

The Organization considers all cash and highly liquid financial instruments with original maturities of three months or less, which are neither held for, nor restricted by donors for long-term purposes, to be cash and cash equivalents. Cash and highly liquid financial instruments restricted to the reserves for other long-term purposes are excluded from this definition.

The following table provides a reconciliation of cash, cash equivalents, restricted cash and restricted deposits reported within the consolidated statement of financial position to the sum of the corresponding amounts within the consolidated statement of cash flows for the years ended December 31, 2020 and 2019:

	2020	2019
Cash and cash equivalents	$ 1,940,837	$ 232,406
Restricted cash for reserves	957,137	932,743
Tenant security deposits	83,972	70,561
Total	$ 2,981,946	$ 1,235,710

Restricted Cash

Restricted cash as of December 31, 2020 and 2019 are comprised of the following:

	2020	2019
Repair and replacement reserve - 1 Jean Street Building Associates Urban Renewal, LLC	$ 400,000	$ 400,000
Reserves for 133 Landing Roxbury Twp., LLC	167,592	165,614
Reserves for 34 Abbett Avenue, LLC	60,718	59,837
Reserves for 37 Harrison, LLC	66,411	64,308
Reserves for 31 Drakestown Road, LLC	27,114	21,772
Reserves for 81 MLK, LLC	214,507	210,816
Reserves for 23 Abbett LLC	9,462	
Reserves for 24 Walnut Street, LLC	11,333	10,396
	$ 957,137	$ 932,743

Income Taxes

The Organization is a not-for-profit association as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. The Organization is also exempt under Title 15 of the State of New Jersey, *Corporations and Associations Not-for-Profit Act*. Accordingly, no provision for federal or state income tax has been presented in the accompanying financial statements.

As required by law, the Organization files informational returns with both the Federal and New Jersey State governments on an annual basis - Form 990 with the Internal Revenue Service, and Form CRI-300R with the State of New Jersey. These returns are subject to examination by these authorities within certain statutorily defined periods for both Federal and the State of New Jersey.

Functional Expense Allocation

Expenses are charged to each program based on direct expenditures incurred. Any program expenditures not directly chargeable are allocated to a program based on the level of activity. Support costs are allocated to a program based on total program costs. Program expenses are those related to emergency shelter, transitional housing, and the development and management of low-income family and supported housing apartments. Supporting services relate to finance, administrative and development expenses related to those programs. Development includes the direct costs of special events and the allocation of employees' salaries and other costs involved in fund-raising and special events based on methods considered by management to be reasonable.

The expenses that are allocated include professional fees, accounting fees, data processing fees, office expenses, insurance, and rent expense which are allocated by headcount, as well as salaries and wages, employee benefits, payroll taxes which are allocated on the basis of estimates of time and effort. Direct assistance, facility costs, and fundraising expenses are allocated on a project basis and related to specific programs or fundraising events. Emergency Shelter and Administrative Office depreciation is allocated by headcount. Depreciation for Housing Development and THP is allocated to each property.

The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among program and supporting services benefited. The financial statements may report certain categories of expense that benefit one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied.

Investments

The Organization follows FASB ASC, *Accounting for Certain Investments Held by Not-for-Profit Organizations*. In accordance with this accounting standard, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at fair value in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income or loss (including interest and dividends and realized gains and losses on sale of investments) are included in the consolidated statement of activities unless the income or loss is restricted by the donor or law. A decline in the market value of an investment security below its cost that is designated to be other than temporary is recognized through an impairment charge. That impairment charge would be included in the consolidated statement of activities and a new cost basis would be established. For the years ended December 31, 2020 and 2019, the Organization did not record any impairment charge in the consolidated statement of activities related to investments.

Beneficial Interest in Assets Held by the Community Foundation of New Jersey

The Organization follows FASB ASC, *Transfers of Assets to a Not-for-Profit Organization or Charitable Trust that Raises or Holds Contributions for Others*. This standard provides guidance for accounting in the case where a "resource provider" (nonprofit entity) transfers assets to a community foundation but specifies itself or its affiliate as the beneficiary of the assets. The transaction is deemed to be reciprocal because at the time of the transfer, the nonprofit entity expects to receive future distributions because it specifies itself as a beneficiary, and by acceptance of the transfer, the community foundation agrees to make distributions to the nonprofit entity. Because the transaction is deemed to be reciprocal, the nonprofit entity should recognize an asset and the community foundation should recognize a liability. During 2019, the Organization liquidated its beneficial interest in assets held by the Community Foundation of New Jersey.

Amounts reported in the statement of financial position represent the net cumulative transfers by the Organization to the Community Foundation of New Jersey (the "Foundation"), as well as net investment earnings thereon. The fair value of these investments totaled $0 and $0 at December 31, 2020 and 2019, respectively. As of December 31, 2019, the Foundation no longer holds the funds on behalf of the Organization.

The Foundation had no variance power over the funds. Instead, the funds were distributed to the Organization upon request to the Foundation. During 2019, the Organization requested all the funds held by the Foundation to be liquidated and distributed.

The Foundation had deposited an additional matching contribution of $5,000 to the endowment fund, restricted in perpetuity and due back to the Foundation upon dissolution of the endowment fund. The matching contribution has not been returned to the Foundation upon liquidation of its investments.

Deferred Loan Costs

Costs incurred in connection with obtaining financing, such as origination fees, commitment fees, legal, and other third-party costs, are capitalized and amortized over the life of the related debt using a method that approximated the effective interest method.

The Organization follows the provisions of FASB issued ASU 2015-03, *Interest-Imputation of Interest (Subtopic 835-30): Simplifying the presentation of Debt Issue Costs*. This ASU requires that debt issuance costs related to a recognized debt liability be presented in the consolidated statement of financial position as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. Amortization of these costs have been reported as interest expense in the consolidated statement of functional expenses.

Fair Value Measurements

In accordance with FASB ASC, *Fair Value Measurements and Disclosures*, fair value is defined as a market-based measurement, not an entity-specific measurement. The objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability). A fair value measurement assumes that the transaction to sell the asset or transfer the liability either occurs in the principal market (or in its absence, the most advantageous market) for the asset or liability.

The Fair Value Measurements Topic of the FASB ASC establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The measurement of fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). An exit price valuation will include margins for risk even if they are not observable. As the Organization is released from risk, the margins for risk will also be released through net realized capital gains (losses) in net income. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of three valuation techniques:

- Market approach - Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- Cost approach - Amount that would be required to replace the service capacity of an asset (i.e., replacement cost);
- Income approach - Techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing models, and lattice models).

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For some assets and liabilities, observable market transactions or market information may be available.

For other assets and liabilities, observable market transactions and market information might not be available. When a price for an identical asset or liability is not observable, a reporting entity measures fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Because fair value is a market-based measurement, it is measured using the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk. As a result, a reporting entity's intention to hold an asset or settle or otherwise fulfill a liability is not relevant when measuring fair value.

The following is a description of valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Cash and cash equivalents, restricted cash for reserves, grants and fees receivable, and other current assets, accounts payable and accrued expenses and other current liabilities: the carrying amounts approximate fair value because of the short-term maturity of these instruments.

Certificates of deposit: The carrying amounts are carried at original cost-plus accrued interest, which approximates fair value.

Common stocks: The carrying amounts are stated at the closing price value reported in the active market in which the individual securities are traded.

Mutual funds: The carrying amounts are valued at the net asset value (NAV) of shares held by the Organization at year end.

Refundable advance: The Paycheck Protection Program advance, a government grant which may be forgiven or converted to a loan at a future point in time and which imputed interest does not apply, is carried at cost. However, management believes the Organization will receive full forgiveness of the Paycheck Protection Program advance and, therefore, the Organization has determined it approximates fair value.

Mortgages: Long-term debt is carried at cost since management believes the Organization can obtain similar loans at similar terms. Accordingly, management of the Organization has determined that cost approximates fair value.

Investment in partnership: The Organization's equity investment in partnership is accounted for under the equity method. Accordingly, the investment in partnership is carried at cost, and adjusted for the Organization's proportionate share of income or losses and changes in ownership.

Corporate bonds: Certain corporate bonds are valued at the closing price reported in the active market in which the bond is traded. Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risk.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Organization invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the Organization's investments and the amounts reported in the consolidated statement of financial position.

Comparative Financial Information

The accompanying financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America (GAAP). Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended December 31, 2019, from which the summarized information was derived.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities, revenue and expenses and changes therein, and disclosures of contingent assets and contingent liabilities and accompanying notes. It is reasonably possible that the Organization's estimates may change in the near term.

New Pronouncements

In February 2016, the FASB issued ASU 2016-02, *Leases*. ASU 2016-02 requires all lessees to record a lease liability at lease inception, with a corresponding right of use asset, except for short-term leases. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance. ASU 2016-02 is effective for fiscal years beginning after December 15, 2021, with early adoption permitted. Management is currently evaluating the impact this ASU will have on the Organization's consolidated financial statements.

In September 2020, the FASB issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets* (Topic 958), which is effective for fiscal years beginning after June 15, 2021, with early adoption permitted. The FASB ASU requires nonprofits to present contribution nonfinancial assets as a separate line items in the statement of activities apart from contributions of cash or other financial assets along with expanded disclosure requirements. Their financial statement presentation and disclosure of contributed nonfinancial assets, or gifts-in-kind. The FASB issued the update in an effort to improve transparency in reporting nonprofit gifts-in-kind. Management is evaluating the impact this ASU will have on the Organization's consolidated financials statements.

Reclassification

Certain prior year amounts have been reclassified for comparative purposes to conform with the presentation in the current year consolidated financial statements.

3. Liquidity and Availability

Homeless Solutions Inc. and Subsidiaries strives to maintain liquid financial assets sufficient to meet six months of normal operating expenses. Financial assets in excess of daily cash requirements are invested in money market funds and other short-term investments.

The following table reflects the Organization's financial assets as of December 31, 2020 and 2019, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of contractual restrictions or internal board designations. In the event the need arises to utilize the board-designated funds for actual expenditures, the reserves could be drawn upon through board resolution. Amounts not available to meet general expenditures within one year also may include net assets with donor restrictions.

Financial Assets:	2020	2019
Cash and cash equivalents	$ 1,940,837	$ 232,406
Restricted cash for reserves	957,137	932,743
Investments, at fair value	2,797,332	2,588,954
Grants and fees receivable	709,360	487,211
Pledges receivable, net	101,401	92,640
Total	6,506,067	4,333,954
Less those unavailable for general expenditures:		
Cash restricted for reserves	(957,137)	(932,743)
Investments with liquidity greater than one year	(34,066)	(293,626)
Donor-imposed restrictions:		
Restricted by donors for future programs	(88,290)	(92,304)
Board designated reserve funds	(132,662)	(132,662)
Total	(1,212,155)	(1,451,335)
Financial assets available to meet general expenditures within one year	$ 5,293,912	$ 2,882,619

In addition to these available financial assets, a significant portion of the Organization's annual expenditures will be funded by current year operating revenues including donations, grant income, program services, rental income, and special events revenue.

4. Land, Building, Furniture and Fixtures and Equipment

Land, building, furniture and fixtures and equipment and their related estimated useful lives at December 31, 2020 and 2019 are as follows:

	Estimated Useful Life (Years)	2020	2019
Land		$ 3,485,910	$ 3,485,910
Buildings and improvements	39	14,066,104	14,035,353
Leasehold improvements	20	1,603,882	1,455,358
Vehicles	5	207,924	207,924
Furniture and fixtures	5	965,130	930,473
Construction in progress			11,097
		20,328,950	20,126,115
Less: accumulated depreciation		(5,842,146)	(5,386,166)
		$ 14,486,804	$ 14,739,949

Depreciation expense for the years ended December 31, 2020 and 2019 totaled $455,981 and $418,125, respectively.

5. Office Lease

During August 2018, the Organization entered into a lease agreement, which started November 1, 2018 and expires in October 2023, for office space. The lease requires an annual lease payment of $61,666 in year one, $62,650 in year two, $63,674 in year three, $64,698 in year four, and $54,579 in the final year. The lease also requires the Organization to pay $7,170 per year for electric within their premises, and a proportionate share (6.26%) of property taxes based upon the most current bill for taxes then available.

Future minimum annual rental commitments under such operating leases subsequent to December 31, 2020 are as follows:

Years Ending		
2021	$	70,844
2022		71,868
2023		61,749
Total	$	204,461

Total rent expense charged to operations for office space amounted to $70,723 and $108,625 for the years ended December 31, 2020 and 2019, respectively.

6. Deferred Gain

During 2007, the Organization entered into an agreement to sell its Jean Street apartment buildings in exchange for two million dollars. The Organization retained ownership of the land and continues to manage the property for its original purpose. The sale agreement requires the Organization to pay $40,000 rent annually and to maintain a reserve account in order to keep the buildings in good condition. The building owner rents the land from the Organization under a lease agreement. A promissory note in the amount of $199,589 from the Federal Home Loan Bank of New York– Affordable Housing Program was repaid from the sale proceeds. This transaction qualified as a sale–leaseback transaction and the Organization deferred the gain on this sale and amortizes it over the related lease term.

FASB ASC, *Leases* defines sale–leaseback accounting as a method of accounting for a sale-leaseback transaction in which the seller-lessee records the sale, removes all property and related liabilities from its statement of financial position, and recognizes gain or loss from the sale in accordance with generally accepted accounting principles. As a result of the exchange, there was a total gain of $121,084.

The gain will be amortized over the life of the new lease agreement at the rate of $4,036 per year for 30 years. The gain recognized during 2020 and 2019 was $4,036.

Future minimum rents to be paid relating to the operating leases as of December 31, 2020 are as follows:

Years Ending		
2021	$	40,000
2022		40,000
2023		40,000
2024		40,000
2025		40,000
Thereafter		460,000
Total	$	660,000

7. Deferred Retirement Savings Plan and Pension Plan

The Organization had a tax deferred retirement savings plan qualified under section 403(b) of the Internal Revenue Code. The plan covered full-time employees and allowed employees to contribute a percentage of their gross salaries up to the maximum amount allowed by the Internal Revenue Code.

Effective January 1, 2004, the Organization adopted a defined contribution pension plan to allow for employer contributions. Employees that meet certain age and service requirements are eligible to receive contributions determined annually by the Organization. Effective January 1, 2017, the pension plan was amended, restated, and retitled Homeless Solutions Inc. 401(k) Profit Sharing Plan to allow for employee contributions and employer matching contributions. Pension expense charged to operations was $144,650 and $108,639 for eligible employees in 2020 and 2019, respectively.

8. Investments

The value initially recognized for investments purchased is cost. The value initially assigned to investments received by gift is the market value on the date of donation. Thereafter, investments are carried at market value. Investments at December 31, 2020 and 2019 are comprised of the following:

	December 31, 2020			
	Cost	Market Value (Level 1)	Market Value (Level 3)	Unrealized Gain (Loss)

Financial assets and liabilities valued using level 1 inputs are based on unadjusted quoted market prices within active markets for identical assets and liabilities. Financial assets and liabilities valued using level 2 inputs are based primarily on quoted prices for similar assets and liabilities in active or inactive markets. Financial assets and liabilities valued using level 3 inputs are based on estimates using present value or other valuation techniques where quoted market prices are not available. Financial assets of the Organization have been valued using levels 1, 2 and 3 inputs as of December 31, 2020 and 2019.

The Organization's investment in partnership is accounted for under the equity method. Accordingly, the balance of $26,604 and $26,616 as of December 31, 2020 and 2019, respectively, represents the value of the partnership interest, adjusted for the Organization's proportionate share of income or losses and changes in ownership. See additional disclosure for the related entity in Note 10.

Return on investments is comprised of the following for 2020 and 2019:

	December 31, 2020	December 31, 2019
Realized gains (losses)	$ (33,824)	$ 480,981
Unrealized gains (losses)	197,936	(112,804)

Balance as of December 31, 2019	$ -	$ 26,616

There were no transfers of Level 3 assets into or out of Level 1 or 2 for the years ended December 31, 2020 and 2019.

9. Pledges Receivable

Pledges receivable are comprised of the following, at December 31, 2020 and 2019 as follows:

	2020	2019
Pledges expected to be collected in:		
Less than one year	$ 103,470	$ 94,531
	103,470	94,531
Less: Allowance for uncollectible pledges	(2,069)	(1,891)
Net pledges receivable	$ 101,401	$ 92,640

The following table provides the activity during 2020 and 2019 of pledges receivable:

	2020	2019
Pledges receivable, beginning of year	$ 92,640	$ 123,538
Pledges made during the year, net of allowance for uncollectible amounts	103,922	95,161
Less: receipts received during the year	(95,161)	(126,059)
Pledges receivable, end of year	$ 101,401	$ 92,640

Pledges receivable are presented in the financial statements by restriction as follows:

	2020	2019
Annual fund pledges	$ 89,970	$ 81,031
Campaign for the Future	13,500	13,500
Less: Allowance for uncollectible pledges	(2,069)	(1,891)
	$ 101,401	$ 92,640

10. Related Entity

The Organization is a less-than-one-percent general partner in 38-42 Abbett Avenue, LP. As of December 31, 2020 and 2019 the Organization had invested $26,604 and $26,616, respectively, in 38-42 Abbett Avenue, LP. This investment is being accounted for under the equity method of accounting. During 2008, the Organization transferred title in the underlying low-income housing project to the 38-42 Abbett Avenue, LP along with all related expenses associated with this entity.

The investment in 38-42 Abbett Avenue, LP reflected in these consolidated financial statements approximates the Organization's capital in the partnership. 38-42 Abbett Avenue, LP is indebted to the Organization in the amount of $1,862,138 and $1,907,148 payable under various terms of the partnership for mortgages, developer fee, accrued interest and miscellaneous expenses as of December 31, 2020 and 2019, respectively. During the years ended December 31, 2020 and 2019 the limited partnership repaid $4,210 and $5,867, respectively, to the Organization.

13. Net Assets Without Donor Restrictions – Board Designated

As of December 31, 2020 and 2019, the Board of Trustees had designated $132,662 of net assets without donor restrictions as a general fund to support the reserves of the Organization's projects. Since that amount resulted from an internal designation and is not donor-restricted, it is classified and reported as net assets without donor restrictions.

Board designated net assets included in without donor restrictions net assets is comprised of the following as of December 31, 2020 and 2019:

	2020	2019
16 Morton Street, LLC reserve	$ 132,662	$ 132,662

There were no transfers to/from without donor restrictions board-designated net assets during the years ended December 31, 2020 and 2019.

There were no amounts released from the reserves for the years ended December 31, 2020 and 2019.

14. Net Assets With Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes.

	2020	2019
Subject to expenditure for specified purpose:		
Summer camps and childcare	$ 305	$ 2,432
Programs	87,985	89,872
	$ 88,290	$ 92,304

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose as follows for the years ended December 31, 2020 and 2019:

	2020	2019
Satisfaction of purpose restrictions:		
Summer camps and childcare	$ 2,127	$ 5,589
Program expenses	170,339	447,113
	$ 172,466	$ 452,702

15. Transfer of Net Investment in Capital Assets Without Donor Restrictions

During 2020 and 2019 it was determined by the Board of Trustees that a transfer was required in the amount of $202,643 and $1,658,342, respectively, from the undesignated operating to the undesignated capital fund to reflect the Organization’s investment in capital project related activities as of December 31, 2020 and 2019.

16. Cash, Credit and Funding Risks

The Organization deposits its cash in accounts with major banking institutions. At times, such amounts may be in excess of FDIC insurance limits. Management believes that the Organization has no significant risk of loss on these accounts due to the failure of the institutions. Concentration of credit risk associated with investments is considered low due to the credit quality of the financial institutions holding these investments.

As reflected in the consolidated statement of activities, the Organization has several funding sources including government grants, individual foundations, and the United Way. Although no funding source is guaranteed, the Organization believes that based upon past history and the continued monitoring of the diverse funding sources by management there is not a significant risk to the Organization’s funding streams in total.

The Organization received a substantial amount of its revenue and support from government contracts and grants (25% and 21% in 2020 and 2019, respectively). A significant reduction in the level of this support, if this were to occur, could have an adverse impact on the Organization’s programs and activities.

17. Contingencies

During 2017, the Organization received HOME Investment Partnership Program funds passed through from the U.S. Department of Housing and Urban Development to construct units, located at 24 Walnut Street and 23 Abbett Avenue in Morristown, NJ, that will be rented to very low and/or low-income individuals and families. A deed restriction was placed on the properties providing that the housing be affordable for a period of not less than 20 years from the date that the certificate of occupancy is secured. The entire principal amount of the HOME funds will become due and payable to the County of Morris if the Organization is determined to be out of compliance with any of the terms and conditions of the grant agreement and does not correct defects within a certain timeframe as set forth by the county.
During 2018, the Organization received a contribution in the amount of $100,000 from the Town of Morristown with the condition of placing a deed restriction on the Mt. Kemble Home, located at 1 Mt. Kemble Avenue in Morristown, NJ. A deed restriction was placed on the property providing that the housing be affordable for a period of not less than 20 years from August 13, 2018.

During 2018, a former shelter guest filed a police report alleging criminal misconduct by an employee of Homeless Solutions Inc. and Subsidiaries. Management believes this case is without merit, intends to defend the Organization vigorously and has referred this matter to its insurance company which has hired legal counsel to defend the suit. The Organization believes that any liability arising from this lawsuit, if any, will be covered by insurance, subject to the deductible. At the time these consolidated financial statements were prepared, the outcome of the appeal was unresolved.

18. Risks and Uncertainties

The Coronavirus Disease 2019 ("COVID-19") global pandemic has caused business disruption through government mandated and voluntary closings and has contributed to significant declines and volatility in financial markets. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration and impact. Therefore, the related financial impact and duration cannot be reasonably estimated at this time.

19. Refundable Advance

In April 2020, the Organization received $555,100 under the United States Small Business Administration's (SBA) Paycheck Protection Program (PPP). The PPP funding is legally structured as a forgivable loan by the SBA. In order to achieve forgiveness of the loan, the Organization must spend the funding for specific purposes and also must generally maintain its full-time equivalent level of staffing over a defined time period. The Organization has accounted for the PPP funding as a conditional contribution in the financial statements by applying ASC Topic 958- 605, *Revenue Recognition*.

Revenue is recognized only when conditions are met. PPP funding is subject to audit and acceptance by the U.S. Department of Treasury, Small Business Administration, or lender; as a result of such audit, adjustments could be required to the recognition of revenue. The PPP funding of $555,100 is recognized as a refundable advance as of December 31, 2020, as the conditions have not been met (See Note 20 – Subsequent Events).

20. Subsequent Events

Management has reviewed subsequent events and transactions that occurred after December 31, 2020 through the date of the independent auditors' report and the date the consolidated financial statements were available to be issued, November 1, 2021. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. Management has determined that there are no nonrecognized subsequent events that require additional disclosure.

On October 8, 2021 the Organization was awarded full forgiveness of the Paycheck Protection Program.

1. Basis of Presentation

The accompanying consolidated schedules of expenditures of federal and state awards present the activity of all federal and state financial assistance programs of Homeless Solutions Inc. and Subsidiaries. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the New Jersey State Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic consolidated financial statements. All federal and state financial assistance received directly from federal and state agencies is included on the consolidated schedules of federal and state awards. Because these schedules present only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

2. Summary of Significant Accounting Policies

The accompanying consolidated schedules of expenditures of federal and state awards are presented using the accrual basis of accounting which is described in Note 2 to the consolidated financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and New Jersey State Circular 15-08-OMB, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

3. Indirect Cost Rate

Homeless Solutions Inc. and Subsidiaries has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

4. Sub-recipients

No federal or state awards were provided to sub-recipients.

5. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees of
Homeless Solutions, Inc. and Subsidiaries
Cedar Knolls, NJ

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Homeless Solutions Inc. and Subsidiaries (a nonprofit organization) (the "Organization") which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements, which collectively comprise the Organization's basic consolidated financial statements, and have issued our report thereon dated November 1, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Homeless Solutions Inc. and Subsidiaries' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Trustees of
Homeless Solutions, Inc. and Subsidiaries

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of consolidated financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
